

Breakfast/ Milk Program AM 4K/Early Childhood

Breakfast is offered to all 4 year old Kindergarten and Early Childhood students every morning that school is in session. Each student will have the option of enrolling in the meal program OR milk only. Breakfast is \$1.15 per meal for full-pay students. The milk only option will cost \$.30 per day and is replacing the Snack Milk program. Parents MUST deposit money in their child's meal account* to participate in this option. A full year of milk only will be roughly \$52.50/year (\$26.25/semester).

If a student is eligible for free or a reduced priced lunch, they will receive the Breakfast for free, *if they are signed-up for the program*. Free and reduced price eligible students must take the full breakfast meal, **not** just milk, in order to receive their free benefit. **Students taking just milk and refusing the full meal will see a \$.30 charge on their meal account***. In addition, parents may also want to deposit \$2 to their student's meal account* to be used for fieldtrip milk purchases to go with their bag lunches.

*Meal account information can be for on the District Web at www.sdsm.k12.wi.us and www.myschoolbucks.com .
