Stan Dorff  
*Recreation Department Director*

May 2018

Dear Fitness Center Members and Track Users:

The School District of South Milwaukee is pleased to announce that we will begin using the Raptor visitor management system on the 6-12 campus to strengthen our program of safety for students, staff and community. Raptor is a system that will screen all school-day visitors who will be in the building each day. Specifically, the system will check to ensure that registered sex offenders are not entering our school campuses effective May 7th. (Limited exceptions are made only as required by state law and found in School Board policy 861.1.)

In order to streamline the process, we will be validating our Fitness Center Members and Track Users against the Raptor database twice per year. If you have a valid membership and track access card you will not need to have the Raptor check run if you enter at Door 24 (Recreation Entrance). Because we are connecting this new system to your fitness center/track membership, it is very important that you bring your Membership or Walking Track ID card with you on every visit. If you do not have it with you, you will be directed to Door #9 and asked to use the RAPTOR system to obtain a visitor pass. If you are in need of an ID card because yours has been lost or misplaced, please take care of this immediately.

The safety of our students, staff, and visitors to our schools is our highest priority. Thank you in advance for your understanding and your support in enhancing the school safety protocols on the 6-12 campus. If you have any questions concerning this program I would like to refer you to our Manager of Buildings and Grounds, Bill King at 414-766-5075.

Sincerely,

A handwritten signature in cursive script that reads 'Stan Dorff'.

Stan Dorff  
Recreation Director
